- **Additional Agenda Items:**
- **Running the concession stands:** comment that there is no past precedent for how these concession booths. Comments that sports seem to happen on the back burner here at South.
- **Sports awareness in the school:** Commenting that there should be a section about sports to bring an awareness to the school. Site Council meeting on September 13th. Suggestion of having the athletes who are being inducted can come and meet the students at South.
- **JV 2 Gym:** Gym is in poor condition. There is a need for new padded chairs, and it is missing athletic style chairs and the space is smaller than a regular gym. Suggestion: Appeal to Jim, and perhaps the athletic endowment can fund the chairs for the gym. (both for volleyball and basketball) Liz is going to look into a price for the chairs.
- **Finances:** Morgan went over the finances
- **Good of the Order:** Liz added the list of the honorees and ticket prices and list for FOS event to the website. 300-500 distribution list.
